The prime activity of the organisation is water conservation & management. Marathwada is facing severe drought weather since 2012. GVS has successfully completed the path setter activity of CHITE river rejuvenation mission. The site of Chite river was visited & appreciated by Chief Minister of Maharashtra Mr. Devendra Fadnavis, speaker of state assemble Mr. Haribhau Bagde, Ms.Pankaja Munde-Palwe Minister of Rural Development, Women & Child welfare and Water Conservation, Consul General of Israel Mr. David Akov and National water conservation expert Mr. Rajendrasingh Rana.

GVS has also done recognizable work with Bajaj Auto and Afarm organization in the field of water conservation for drought free village. GVS also work in the field of Panchayat raj training and Day care center.

GVS has till date worked in the more than six hundred villages and with a huge number of underprivileged people of this society. This work was recognized by Yashwantrao Chavan Pratishthan, Mumbai by giving "Yashwantrao Chavan Service Pride Award" to GVS in this financial year.

About Marathwada Region

There are total eight districts in Marathwada region comprising of total 76 Talukas(Blocks) .The eight districts are Jalna, Aurangabad, Parbhani, Hingoli, Nanded, Latur, Osmanabad and Beed. This Marathwada region was once part of the erstwhile kingdom of the Nizam of Hyderabad. The total area occupied by the Marathwada region is 64590 km² ,

As per 2011 census total population of this region was 187 Lakhs. Around 80% of the population depends on agriculture for their; livelihood and about 70 % of the Agricultural land is rain fed. further around 50% of the population lives under BPL.

Weather of the region normally is dry and hot. Further this has historically been a rain shadow region rainfall in the range of 750 800mm, In recent past, Marathwada has been facing exceptionally cruel weather. June-September Monsoon, which is the lifeline of most of this rainfed region, has been playing truant. Around 60% of the region always prone to drought.The forest comprises around 4 % of the total land,

As compare to other regions, Marathwada is most back ward area in Maharashtra.

The literacy rate of Marathwada region is the lowest in the State (51.23%, Census 2001). All eight districts figure in the list of the 100 poorest districts in the country.

Except Aurangbad, and to some extent Jalna , all other district are hardly having any big industrial estates.

As compare to other region in Maharashtra,Marathwada is far lagging behind in case of basic infrastructure and essential amenities like road, schools, health facilities and employment opportunities etc.

As per 2011 census, the per capita income in the region was Rs,14227 and human development index is 42. Majority of the women are far away from main stream.

Effective Water Management will definitely make substantial contribute toward achieving the goal of sustainable development of the region. Hence we feel that some concentrated and constructive efforts, especially in the field Water Management are very much essential.

Details of Projects Implemented by Gram Vikas Sanstha Till the year.

Water and Sustainable Development

Inspired with the Gandhian concept of “Gram Swaraj”, we strongly believe that, the effective and systematic management of natural resources like water, land, including animals, human beings and effective forest conservation is the only way to achieve sustainable rural development. In line with this ideology, we concentrate our efforts and are being selecting and implementing our different project.

Projects Implemented by our Organization during 2017-18

1.Rejuvenation campaign of Chiite River (Under Vasundhara IWMP-17)

Back Ground in short:- Chiitte River Basin is around 12 km away from Auranganad, however this region, besides bestowed with ample natural resources , due to the lack of proper water management and concentrated efforts, was always being attracted acute drought, .Also people in the area were not much ambitious and were making hard efforts to support their livelihood by supplying fire wood and animal fodder to nearby area. Road condition was very poor, The endless water shortage, affected the life of peoples adversely, especially the women were having most significant adverse effect on their life, also the lack of sufficient fodder in the area reduced the livestock in the area. There was huge migration from the area for job hunting. The 2012 Drought gave a significant impact on the life of farmers and most of them were forced to **destroy their horticultural** and also were compelled to sale out their livestock.

About Chitte Basin:-Chitte River basin admeasuring around 6427 hectors, is 12 K.M. away from Aurangabad toward the west. This basin encompasses 12 villages, like village Sindon, Bhindon ,Ekod, Pachod, Chittegaon etc. and include total 19 micro Watershed. This 17 K.M. river water has its impact on the livelihood and in turn on life of around 15000 villagers living in this area. The Land layers in this area found to consists of Black and Manjrya Rock and Red Bol.

The height from Sea level ranges between 537 M to 793 M. The project area comprises of waste land and forest land to a vast extent .Total land under irrigation was 429 hector.

In the year 2015-16 the rejuvenation plan of Chitte river was finalized in presence of honorable Mr. Haribhu Bagde. We also have an honor of Minister of Rural Development

Pankajatai Mundhe being present on the occasion of the actual commencement of the project work.

Main Aim of the project:- To develop a self sustainable, self sufficient and Sustainable cluster by optimum utilization of available natural resources in the region.

Main objective of the project

1. To make sincere effort towards enhancing the living standard of peoples in project area by optimum exploitation of available natural resources.
2. To provide capacity building skill development trainings to the land less peoples in the area for self employment also to provide some working capital to them for commencing some productive activity in line with the training provided to support their livelihood.

Main Activities under the Project:-

1. Entry Point Activities
2. Capacity Building Training
3. Natural Resource Management and
4. Livelihood Support Activities.

Outcome of the projects:-

1. Flood Control and prevention of soil erosion.
2. Increase in the ground water level by 3-4 Meter in 452 wells.
3. Irrigated land area increased up to 2308 Ha.
4. Milk production increased by 10000 letters.
5. Increased Employment opportunities for local youths.
6. Substantial increase in land under Horticulture and Vegetable cultivation.

Special Achievement:-

1. Succeeded in collecting total cumulative Local contribution Rs. 168 Lakhs.
2. Total 300 villager voluntarily working as “Jalmitra”
3. Remarkable women involvement in the project work.
4. Our Organization honored with “Seva Gaurav “Award as token of Rejuvenation of Chitte River.

Sakal Relief Fund’s Contribution toward Rejuvenation work of Chitte River.

Inspired with our Rejuvenation work of Chitte River, we were granted a sizable amount under “Sakal Relief Fund” to be utilized in desilting work under the project.

A formal inauguration of last segment work under Rejuvenation of Chitte River was done on 29 .04.2017 in presence of SDM Mr. Shashikant Hadgal, Tahsildar Mr.Sathish Soni, GVS Secretary Mr.Narhari Shivpure, and Zilla Panchyat member Mr.Ramesh Pawar. With Sakal Releif fund, the de-siltation work of around 7000 Cubic Meter was done and ultimately total 18 farmers were benefitted by this de-silting work. Taluka Agriculture office Mr. Ashok Kondhe, Mr,Yogeraj Deshmukh of Y.P.Deshmuk Company, Sarpanch Nirmalatai Ghodke, Dy.Sarpanch Padma tai Ghodke, Babasaheb Godhke etc. extended their valuable cooperation in completing this work.

Visit of a team from Swaprrop wardhini Sanstha Pune to Chitte River Rejuvenation Project :

On 17 12.2017 a team consisting 40 young boys and girls preparing for competitive examination, visited the Chitte river Rejuvenation project and expressed their satisfaction on the progress and achievement till date under the project.

Maharashtra Village Social Transformation Mission

Objective of the Project :- Integrated Rural Development.

State Level Targets Under the project:-

1. To achieve over all and sustainable development in 1000 villages in Maharashtra.
2. Providing basic infrastructure facilities in these 1000 targeted villages.
3. Making effort towards enhancing the human development Index.
4. Increase in Agriculture yield.

Major Works to be under taken under the project:-

1. To make available sufficient potable water to all the people in project area,
2. To Enhance Agriculture yield by double.
3. To minimize the mother and child death rate.
4. To provide Educational Facilities, so as to enhance the education standered.

Gram Vikas Santha implemented the Villages Transformation Project under Maharashtra Village Social Transformation campaign in below detailed villages from Chitte River basin near Aurangabad city.

PRA at Khodegao TQ. Dist. Aurangabad

Works completed under Maharashtra Villages Social Transformation during the year 2017-18

This project was sanctioned to Gramvikas Sanstha in Feb. 2018. Immediately after sanction, we interacted with the respective villagers, through Gram Panchayat /Gram Sabha and through the prominent personalities in respective villages and communicated our objective, ideas and plan for development and made appeal for cooperation with active participation of all the part of the society. Then conducted Participative Rural Appraisal and transect walk (Shivar Feri) and further, the comprehensive DPR was prepared, in line with the needs of the area. The same was submitted to dy.CEO Zillha Panchayat Aurangabad for formal sanction, through proper channel.

Adarsh Gram Project Village Wava:-

Project Objectives:-

1. To contribute in enhancing the standard of living of local people, through integrated Management of natural resources like Land Water Soil, Plants Animals including Human beings.
2. **To Follow the Seven Principles (Saptapadi)** like 1)Prevention of Grazing, 2.Prevention of tree cutting,3.Prevention of Intoxication,4.Voluntary contribution in physical project work. 5. Family planning,6) prevention of open defecation and 7) Water Budgeting.
3. Providing capacity building trainings to rural youths under skill development program and provide some working capital for commencing livelihood activities.
4. To provide infrastructural facilities and basic amenities in targeted villages.

Main Components of the Project

1. Effective Natural Resource Management.
2. Capacity Building Training.
3. Skill Development training to Landless peoples to make them able for self employment and to provide them some working capital for commencing own livelihood activity.
4. To provide basic infrastructure and amenities.

About the Wava villages:-

This village is from Paithan Block of Aurangabad District. It is located around 40 K.M. from Aurangabad towards the South direction on Aurangabad Paithan road, and around 4 km away from village Dhangaon towards East.

Gram Vikas Sanstha with intention to give the “**form of peoples movement**” to the Gandhian concept rural development with self sustained, self dependant self governed villages, implemented an ambitious project named “ Apla Vikas Aplya Hati” i.e.our development with our own efforts. As a virtue of this project the Govt. of Maharashtra selected this village for development under Adarsh Gram scheme.

Under this project during the year 2017-18 following works were taken up and completed.

- Compartment bunding on 200 hector land.

- Construction of total 07 Cement Nala Bandh,(03 under this project and 04 under other departments.)

As a consequence of these interventions, sufficient water was made available to farmers and facilitated them to take both the crops i.e Rabbi and Kharip by using drip irrigation, and ultimately resulted in enhancing the farmers income by double.Total population of this village is 700 and area under Watershed is 721 hectors.

8	Deepening and Widening	00	00.00	04 kms	08.50	004KM's	08.50

Outcome or adverse effect if any

- Total 350 hector agricultural land was irrigated with Drip irrigation.
- Increased ground water level in the range of 2 to 3 Meters.
- Doubled agriculture yield.
- Employment to landless villagers
- Women empowerment through Self Help Groups.

Notable outcomes:-

- Increased active participation of youths and women in village development.
- Strict implementation of 'prevention of bore wells' in these villages.
- Achieved the status of **Open Defecation Free Village.**
- Soak pit in every house.

Livelihood Activities under the project:- Under this project total 08 SHGs comprising of total 88 female beneficiaries were provided working capital for commencing small livelihood support activities.

Jalsandharan Director Dr. subhash Mote visited to Adarsh gaon wawa

Bajaj CSR Water Conservation Project:-

Aim Of the Proejct:- Drought relieve and enhance the standered of living of peoples in project area through peoples participation.

Project Objectives.

1. Capacity building of farmers for effective Water management
2. To increase the ground water level by effective water Management.

Major Project Componants-

1. Water Conservation Works and 2. Capacity Building Trainings.

Project area:-

Two villages were selected for this water conservation project i.e.

1. Kachner and 2) Khodegaon

These two villages are situated on Aurangabad – Beed road around 40 K.M. away from Aurangabad city, at northern side of Sambhaji Suger Factory. The Village Kachner is a well known spiritual place of Jain religion. With due consideration to the domestic or potable water need and Agriculture water requirement, of targeted region, Graimvikas Sanstha implemented the project in coordination with AFARM and Bajaj.

Work Completed during the year and till time so far under this Project

Project Outcome:-

- Irrigated 50 hector agricultural land in both Kharip and Rabbi Season.
- Increased ground water level in the range of 2 to 3 Meters.
- Increase in agriculture income by 50 %
- Employment to landless villagers

Notable impact:-

1. Spontaneous people's participation

2. Special contribution by the local people for de-silting of percolation tank.

On the Occasion Baja CSR Jalsandharan Project Inauguration Hon Dr. Purushatam Bhapkar (Div. Commissioner) C.P. Tripathi (Bajaj) Subash Taboli (Afarm) Narhari Shivpure (GVS) & other Dignities

Women & Child Development Activities.

- As it is rightly said that, the condition of a nation well reflected by looking at the status of its women. The country, in which higher attention has been paid towards women and Child care, develops rapidly and with high quality, as compare to the others. Thus woman empowerment can make the society powerful and the children are the future of any country and hence the women and child development are high priority subjects for any nation.

Gramvikas Sanstha has been making its valuable contribution in women development over a period of time.

Gramvikas Sanstha has been working in the field of women development through 156 SHGs from total 16 villages including 12 villages covered under Vasundhara Watershed, Bajaj Water conservation project and Adarsh Gram Project. There are total 1665 members under all these 156 SHGs from total 16 villages. Total saving of these 156 SHGs is Rs.30.00 Lakhs, total Loan distributed till time is Rs.26.40 Lakhs and loan recovered is 20.84 Lakhs(78%)

Through these SHGs, several women are earning money, by running different micro enterprises and other livelihood activities like Goatary, dairy, agricultural input, and other household small business. Besides these productive activities, the SHGs women with our motivation, began to take active part in social activities related women health, cleanliness of surroundings etc. also the women participation in Gram Sabha has been increased substantially. Women in the area contributed to vast extent in Chitte River Rejuvenation. We believe, this a well intended and essential positive change in the attitude and this definitely a strong step to words the perpetual development.

Training & Research

As stated earlier, it is very much clear like sunlight that, the Marathwada region, as compared to the other regions in Maharashtra is very backward, the per capita income is very low, human development index is low, also the infrastructure and basic amenities like health facilities, educational facilities, employment opportunities etc are also very poor as compared to other regions. Always this region seems to be drought prone.

It is universally acknowledged fact that the path of accelerating development of rural India goes essentially through the , Strengthening the PanchayatRaj Institutions and empowering the women and youth . With this intention in mind we are making our utmost contribution in strengthening the Panchayatraj Institutions, and women empowerment since the year 2005.

Details of Capacity Building Training Program conducted by Gramvikas Sanstha

During the year 2017-18, GVS conducted several capacity building trainings in the fields like women empowerment, effective management of natural resources, livelihood development, agriculture development activities etc.

Anand vihar and Life skill training adolescent or teen age Girls:-

Our organisation has been engaged in different life skill development programs for

Sr. No	Name of the Project	Village Covered	Project Objective	No of Trainings conducted	No of trainees trained	Financial Assistance under project (In lakhs)
01	Trainings under Vasundhara and Adarsh Gram Project.	12	Training on NRM and Women Development/ Empowerment	29	1450	10,87

adolescent or teen age girls since last one decade. This year during 15.05.2017 to 21.05 2017 we conducted such training in Day care centre at Naregao village near Aurangabad. Former member of Municipal Assembly for the ward, Mr. Mahadev Suryavanshi, Mr. Deepak Joshi from women and Child Development department Municipal Corporation, our secretary Mr.Narhari Shivpure were present for the formal inauguration of this training program.

During this training session the girls and boys present were imparted knowledge on different aspect of life like Yoga, Health, Drawing, Communication skill, Hand writing skill, different games, also they were told some Moral stories by Prof. Jayprakash Dagde, Surekha Jadhav and other subject specialist. At the end, competitions were conducted among the trainee participants, based on insight given during the session. The session was consolidated with guest address and prize and certificate distribution. Total 80 participants took the benefit the training session.

Other Important Activities carried out by Gramvikas Sanstha during the year.2017-18

1.Water Conservation project in coordination with Caring Friends:-

On 10 .04. 2017 with financial assistance of **Caring Friend**, Gramvikas Sanstha initiated the deepening and widening work of Chitte River. At this time Mr. Narhari Shivpure, our secretary, Mr. Shridhar and Babasaheb Wagh were present for formal inauguration. Under this, total 10k cubic meter mud was extracted from this river widening and deepening activity.

Publication of Gramvikas Sanstha's Calender:- On 25th December publication program of our Calendar, consisting information on different important rural development programs/schemes, other important social development programs, etc. was done in hand of honourable Revenue Minister Maharashtra Govt. Among the other prominent personalities who were present for ceremony were Mr.Pravin Ghuge the honourable president Maharashtra Sate commission for Protection of Child Right, Dr.Bhagwat Karad the President Marathwada Vikas Mahamandal, Mr.Atul Save MLA Bhartiya Janta Party, Prof. Gajanan Sanap, Mr. Basavraj Manglure and Mr.Narhari Shivpure secretary Gramvikas Sanstha. On this occasion total 5000 Calendars were distributed.

Gramvikas Calender Publish by Hand Hon Chandrakant (dada) patil on the occasion Pravin Ghuge, Dr. Karad, Narhari Shivpure, Hon Atul Save, Dr. Gajanan Sanap & Other Dignities

Kitchen Garden Program:- On 05.07.2019, Gramvikas Sanstha organised one program on Kitchen Garden Management at village Yekod. Total 40 women with full of enthusiasm participated in this works shop. Apart from them, our Mr.Bburao Bhosle, Mr.Ashok Khade, our Secretary Mr.Narhari Shivpure participated the program. Mr.Baburao Bhosle explained in detail the importance and benefits of maintaining the Kitchan Gardan, also he gave valuable insight to the participants on aspects, like how to choose the seeds, land harvesting, sowing methods, use of pesticides, use of manure or fertilizers etc. The participants found to be satisfied on the nature of workshop, coverage and insight given in the program and were highly inspired. The program consolidated with the free distribution of seeds, plants and vegetable to those who has been successfully maintaining the Kitchen Garden over a period of time.

Plantation Program:- Environment conservation and protection had always been the matter of top priority for GVS. As a part of small contribution towards the environment protection we always insist on plantation in our work area, with people's active involvement. As a part of this on 10.06.2017 we initiated plantation program at Ekod village, with active participation of GVS Volunteers, school students, teachers including Head Masters, and villagers. On this occasion GVS distributed total 300 plants to students and villages.

Farmers Gathering: As a part of our regular awareness program, we conducted a farmers gathering on 25.06.2017 at village Shidon. During this program farmers were given deep insight on various farming related activities, like vegetable cultivation, Horticulture, Cotton cultivation and precautions to be taken for better yield etc. also the participants were explained about the essence and importance of Agro-based and allied business like dairy farming. The Officials from GVS, Sarpanch, and other villagers were present for the program. Total 145 farmers took active participation in this works shop.

Annual Planning Meeting:- With a view to discuss and finalise the Annual Action plan and also to assess the status of different on going projects, an annual meeting of Gramvikas

Sanstha office bearers and employees, was arranged on 06.09.2017 at Gramvikas Bhavan CIDCO N2. In this meeting there was detailed discussion on the aspects like Water Conservation, Sustainable Rural Development, Capacity building trainings, Women and Child Development, Research etc. and majority of the participants shared their views on these subject. The annual action plan finalised in this meeting proved to be very useful in advance planning and achievement of the goals.

Celebration of 15th August, our Independent Day:- As usual this year also, we celebrated our 71th Independent day. In the morning at 7.30 a.m. the tricolour flag was hoisted by Mr. Chandrakant Pande and honour was given to Indian Flag. Besides Mr.Pande, our secretary Mr.Narhari Shivpure, Mr.Rajkumar Birajdar, Mr.Gajanan Deshmukh and GVS employee were present for the ceremony.

Sweet Lime Producer Farmer's Melava or Meet: Gramvikas Sanstha arranged one meet of Sweet lime farmer to discussion problem of premature fruit dropping and solution on the same, at Ekod village, in an sweet lime orchard of one local farmer. Renowned Agro-Scientist Dr.Sanjay addressed the Sweet lime Growers and given valuable guidance and solution to prevent the premature fruit drops, also Dr. Patil answered the queries of participating farmers on this problem and other related problems. Apart from farmers, employees of GVS, the secretary Mr.Narhari Shivpure, Village Sarpanch Hirabai Ramdas Chavan were present for this farmers meet. Around 50 farmers from village Shindon, Bhindon, Chincholi, Pardari, Pachod, Chittegaon area were benefitted from this special Melava for Sweet lime growers.

Celebration of 69th. Republic day. On 26 January 2018 we celebrated 69th. Republic day. In the morning at 7.30 a.m. the tricolour flag was hoisted by Mr. Chandrakant Pande and honour was given to Indian Flag. Besides Mr. Pande our secretary Mr.Narhari Shivpure, and GVS employee were present for the ceremony.
